Join HSC and Takeda for School Stuff: Life After High School: Your Bleeding Disorder in Young Adulthood with Betsy Koval. This program on self-advocacy and self-discipline will ensure you are ready and prepared for all things college-related and that your treatment is uninterrupted. With the right steps, you can have the college experience that you have always wanted.

This will be followed with a discussion on grants, scholarships, and other monies that can be used towards College and University. Subjects covered include:

- HSC Scholarships
- Scholarships for the Bleeding Disorder Community
- Federal Pell Grants
- In State Tuition Savings
- 529 Plans

We are then going to open up the floor so community members can share their tricks and tips to find and apply for scholarships.
