

Bleeding Disorders Association of South Carolina provides special grants to families or individuals affected by bleeding disorders so that they may attend an event of the National Hemophilia Foundation (NHF) or Hemophilia Federation of America (HFA) as grant funding allows. The grants may be used for event registration fees, transportation to the event, or lodging during the event time only. Priority may be given to families or individuals who 1) have a child who has recently been diagnosed with hemophilia or other bleeding disorder, or 2) had no previous knowledge of the disease prior to their child being diagnosed, or 3) have not attended the selected event in the past. BDASC travel grants are intended for South Carolina residents only.
