

BDASC

State Advocacy Days

February 28 - March 1, 2023

BDASC will be holding its 14th Annual Advocacy and State Legislative Days during March as part of the National Bleeding Disorder Awareness Month. BDASC, along with our national partners, will be hosting advocacy training sessions leading up to the event. This important advocacy event fosters educational awareness with state legislators on the effects living with bleeding disorders can have on families. Health care access continues to be a threat to accessing high cost medications. We need YOU to help us share the impact this may have on the quality of life for those with bleeding disorders. You will have the opportunity to have important discussions and to ask for support on key areas of concern for access to affordable treatment care. These meetings are of key importance in helping our elected officials understand our communities unique needs while asking for support of our state programs that provide a safety net to those in need.

An advocacy training dinner is provided on February 28th in partnership with our national organizations; The National Hemophilia Foundation, Hemophilia Federation of America, National Organization for Rare Disease (NORD), our stakeholders, and other local and national advocacy partners.

Additional information about our State Advocacy Days can be found at <https://tinyurl.com/AdvocacyDays2023>. **Registration deadline for hotel rooms and legislative meetings is February 10, 2023.**

Advocacy days begin at 4pm on February 28th with our training evening and dinner. Legislative meetings take place on March 1st from 8am-2pm.

Hotel Information:
Courtyard by Marriott
Columbia Downtown USC
630 Assembly St., Columbia, SC 29201
