

A gene therapy presentation you won't want to miss

Brought to you by B:OMARIN

GENE THERAPY IN HEMOPHILIA: COME FIND OUT WHAT ALL THE BUZZ IS ABOUT—FROM CURIOSITY TO ELIGIBILITY AND BEYOND

Gene therapy has arrived! Join us for a one-hour presentation to hear how gene therapy is designed to work and why eligibility testing is the first step on the gene therapy journey. We'll share the findings from a clinical trial and what they could mean for you.

Learn how to get started, what questions to ask your doctor, and hear one patient's experience.

Date and Time

February 16, 2024
6:30 - 8:30PM EST

BDASC - Bleeding Disorders
Association of South Carolina
