### Our Team Building Event @ Saluda Shoals Park

The Challenge Course is a series of difficult but achievable mental and physical activities on a low ropes course designed to improve the performance of your group. Low ropes activities foster team development through problem solving, imagination, and critical thinking. Course elements are located in the forest and can include but are not limited to walking on cables, poles, and platforms no more than two feet off the ground, and/or lifting or falling short distances into the group. Each group will get a facilitator for the length of the program to keep participants safe and debrief each activity.

*Please note: The Lunch & Learn portion of the event is open to tweens/teens and their family, but the Team Building event is only for teens and their siblings (ages 11-18) personally affected by a bleeding disorder. Parents must stay at event. Our events have limited funding.*
