

HOW DO WE SUPPORT FAMILIES WITH BLEEDING DISORDERS IN SOUTH CAROLINA?

Our Mission

To raise awareness for and advocate on behalf of persons with bleeding disorders and their families; provide education and supportive services; and promote ongoing research to improve the quality of life for those affected.

Our Vision

To be recognized as a leading organization providing valued services; as ambassadors of public outreach to enlighten and foster an understanding of what matters most to those affected by hemophilia and bleeding disorders; and to be our community's first choice in partnership to achieve their highest potential through empowerment, connection to their community and being part of the solutions that affect them the most until a cure is achieved.

What will the proceeds from your participation help us achieve?

Rare bleeding disorders, such as hemophilia, are one of the most expensive lifelong chronic disorders in the US.

Proceeds from the funds raised will be used for education, support services including camps, educational scholarships, support groups, financial assistance, advocacy initiatives, and research support to enhance the quality of life of those affected, until we find a cure!
